

Mentoring Programme

Guiding Students Towards Academic and Professional Excellence

At our institution, the Mentoring Programme is an integral part of the student support system designed to provide personalized guidance, academic assistance, career counseling, and emotional support throughout the MBA journey. The programme aims to foster a strong mentor-mentee relationship that helps students realize their full potential, overcome academic and personal challenges, and develop into competent management professionals and responsible citizens.

Each student is assigned a faculty mentor who serves as a trusted guide, motivator, and counselor. Through regular interactions, mentors monitor students' academic progress, attendance, professional development, and overall well-being while encouraging continuous improvement and lifelong learning.

Objectives

1. To facilitate the holistic development of students by nurturing their academic, personal, and professional growth.
2. To provide individualized academic guidance and career mentoring to support students in achieving excellence and career readiness.
3. To identify students' strengths and learning needs, and offer timely support for continuous improvement and skill enhancement.
4. To promote professional ethics, leadership qualities, interpersonal skills, and overall confidence through regular mentoring and counseling.

Significance of the Mentoring Programme: The mentoring programme plays a vital role in creating a supportive learning environment where students receive individual attention beyond the classroom. It bridges the gap between faculty and students, encourages open communication, improves academic performance, strengthens problem-solving abilities, and promotes personal and professional growth. The programme also helps in early identification of academic or personal issues, enabling timely interventions and appropriate support.
